Gerry den Boggende, Strategic  
Insurance Underwriters:

*"[Sure Billing-as-a-Service's] flexibility made the implementation process quick and easy. Their straightforward system and responsive support allows my agents to concentrate on what they need to do: produce and service. Also, moving my book from one carrier to another was seamless. I can confidently work on growth knowing that [Sure Billing-as-a-Service] can handle my current and future needs."*

### Top 5 reasons Insurers and MGAs choose Insurity

#### Efficiency gains

- Reduce costs and provide transparency for your customers with a flat charge for each payment covering all administration, processing, and postage fees
- Improve efficiency by minimizing administrative workloads with a seamless integration into your existing policy, billing, and agency management systems

#### Simplified security

- Have confidence in payment security with the latest software and security updates always up-to-date through our cloud-based delivery system
- Stay ahead of PCI compliance laws across the country with our secure lockbox

#### Manage payment compliance

- Issue cancellation and rescission notices automatically across all parties in accordance with individual state regulations
- Minimize transaction errors with legal notice issuance and payment verification against your policy or agency management systems

#### Improved service

- Distribute commissions and premium remittance directly to each account, via a secure lockbox, without waiting for periodic agency bills
- Improve your customer experience with a direct-access branded website, available for all users including Carrier, MGA, Broker and Insured

#### Trusted expertise

- Feel secure with a partnership that has been managing payments for 18+ years, processing 1M+ installments annually and handling over \$4B in DWP
- Provide the experience customers expect with the industry's leading fully outsourced Billing-as-a-Service (BaaS) provider
